

Better health is in view with your Dashboard

Your Personal Health Dashboard is a secure, online tool that gives you a complete view of your health! The Dashboard shows your benefits information, important health alerts and resources — all to help you stay on top of recommended care, get the most from your benefits, and save money. Plus, it's always available 24/7... just log on to the Health Advocate member website and click “Health Dashboard” to get started.

Benefits at-a-glance

- A snapshot of your entire benefits package – medical, dental, vision, pharmacy and other providers
- Doctor contacts; nearby urgent care centers

Medical “spotlight” alerts

- Alerts that it's time to schedule routine screenings
- Reminds you if you're overdue for a test, screening or immunization
- Actions to take to stay healthy

Health costs and information

- Prescription section – how to save money on your medications
- Medical costs – what you and your employer or plan sponsor paid for care to date
- Medical tips for your health condition or risks

We're here to help anytime!

Your Personal Health Advocate can step in to find doctors, hospitals and specialists, make appointments, clarify your benefits, explain tests and treatments, resolve billing issues, and much more.
